Bengaluru, India

SUMMARY

First-year B.Tech Artificial Intelligence and Data Science student at Kumaraguru College of Technology. Passionate about AI, programming, and software development. Currently learning Python, Data Structures Algorithms, Git, and web development while building projects and gaining practical experience through internships.

PROJECTS

- **Slotify — Decentralized Smart Parking Application** PBL Project
Project Based Learning (PBL)
 - Developed a smart parking solution aimed at improving parking space management and vehicle allocation.
 - Collaborated with team members to analyze user requirements and propose efficient parking solutions.
 - Contributed to the design and implementation of a decentralized parking management system.
- **Fluency Through Practice Podcast** English Communication Project
Podcast Communication Development Project
 - Co-created a student-focused podcast to help first-year students navigate academic and personal challenges.
 - Developed communication, content planning, presentation, and teamwork skills through podcast production.
 - Presented ideas and discussions focused on student life, learning strategies, and personal development.

TECHNICAL SKILLS

- **Programming:** Python
- **Tools Platforms:** Git, GitHub, VS Code, Netlify, MS Excel, MS Word, MS PowerPoint
- **Areas of Interest:** Artificial Intelligence, Data Science, Machine Learning, Software Development, Problem Solving
- **Currently Learning:** Data Structures Algorithms, Web Development, Git Workflows

EDUCATION

- **Kumaraguru College of Technology (KCT)** Coimbatore, India
B.Tech in Artificial Intelligence and Data Science 2025 – 2029

CERTIFICATIONS ACHIEVEMENTS

- **C Programming Certification** – I Am Neo
- **Emerging Domains** – Coursera
- **Second Place** – REACT Problem Solving Competition
- **Hackathon Participant** – Participated in technical competitions and collaborative problem-solving events
- **Paper Presentation Certificate** – Fluency Through Practice Podcast Project
- **Active Participant** – Technical events, workshops, and skill development programs
